TOWNSEND CALLS SHORTLINE SERVICE INTERRUPTIONS OUTRAGEOUS

Monroe – Orange County Legislator Greg Townsend again called on Coach USA/Shortline to improve service for Monroe and Harriman commuters.

“This latest service disruption that stranded dozens of hardworking commuters is outrageous,” Townsend said. “My constituents and Shortline customers are not interested in half hearted apologies or labor issues -- they need to get to work safe and on time.”

Townsend continued, “Shortline needs to present their plan of action to reassure commuters that they are able to provide the safe service our commuters need.”

Townsend has previously called upon Coach USA/Shortline to provide a plan of action to improve service after hearing from Monroe commuters that the bus line was failing to provide adequate seating for passengers.
